AWARDS  
Programme - 2023

# Olympiads 2023

**50 LAKHS!!!**

**Worth of Scholarships,  
Awards & Rewards**

**FOR OUTSTANDING STUDENTS**

Respected Principal / Headmaster / Parents.

### **Greetings from Prathibha Academy We heartily welcome you to our program.**

Prathibha Academy has been successfully conducting various programs in the fields of education, culture, and competition. As part of our 23rd-year celebrations, we are organizing Olympiads and National Talent Awards programs. Various reputed schools are participating in this event.

For the past 22 exciting years of operations, we have been one of the leading organizers of Talent Exams for school students, With over 10,00,000 students participating in our GK Competitions. We have been conducting GK competitive exams for school /college students to develop capability and creativity, moulding them into a perfect personality. Our GK Competition & Talent Exams has been appreciated in the field of education, and it not only encourages students but also enables them to appear with experience and confidence for any kind of competitive exams like **IAS, IPS, IFS, KAS, CET, Banking, Railway**, etc.

### **Prathibha Academy, Olympiads 2023**

Why should your students participate in Olympiads? Every aspect of our Olympiads, from the preparation of high-quality, scientifically designed question papers and analogical results, is of international quality. Participating in these Olympiads will enhance the reasoning, logical, analytical, and problem-solving skills of students, motivating them to excel and achieve something beyond what they think they can. This will build a solid foundation for school students to excel in their CBSE, ICSE, and other state board exams, and enhance their competitiveness in a high competitive global environment. The competition should be challenging and motivating so that students can prove their academic performance on a continuous basis and pursue academic excellence relentlessly.

Our goal is to encourage knowledge in subjects such as Science, Maths, English, Social Studies, GK, Drawing, and Essay Writing, and also to enhance the competitive spirit among your students. Therefore, we are conducting Olympiads across the nation with the support of the best schools and principals like you.

This is a golden opportunity to recognize the hidden talent of your students and your great efforts at the National level platform. Therefore, we request you to kindly appoint and encourage all subject teachers or class teachers to promote and organize these Olympiads in your school and enroll the maximum number of students from your school. We invite you to be our respected associates for The National Talent Award Program 2023.

Thank you.

Yours sincerely,

**Shankar Patil** President,  
Prathibha Academy, Bangalore

# PRATHIBHA ACADEMY Olympiads 2023-24
